

Minutes of the Town Board Worksession held at Town Hall on August 2, 2010 at 7:30PM

Present: John Burke, Supervisor
Amidee Haviland, Carlton Levine, Frank Palermo and James Skoufis, Councilmen
Absent: None
Also Present: Richard Liberth, Attorney for the Town

1. Engineer Update – Estrada Road Bridge Repair:

Al Fusco, Fusco Engineering and Land Surveying, gave an update to the Board on the progress thus far regarding the repairs to the Estrada Road Bridge. Some items accomplished have been:

- A jurisdictional inquiry required for FEMA funding has been submitted together with a bridge repair budget.
- A site plan and survey have been completed.
- A preliminary design has been completed and he is preparing the NYSDEC permit for filing.
- He has continued to review alternatives and investigation for funding.

He has looked at a few alternatives that have similar material costs. He noted the job would be a prevailing wage project and labor costs would be approximately equal to the material costs. The other costly items include the procedure for dewatering, NYSDEC regulations, demolition, and backfill and restoration. He estimates the project to cost \$355,200. He recommends a three-sided precast concrete box culvert with precast concrete footings. This recommendation may be modified after permit consultation with the NYSDEC. He hopes to have a definite direction from the NYSDEC and FEMA shortly and will then provide another update for the Board.

Adjournment:

With no further business to discuss, a motion was offered by Councilman Haviland, seconded by Councilman Palermo, to adjourn the meeting at 8:05PM.

ADOPTED AYES 5 Burke, Haviland, Levine, Palermo, Skoufis
 NOES 0

Desiree Potvin, Town Clerk
(from notes made by Supervisor Burke)

A closed session was held after adjournment.
