### A WORD FROM OUR CHAIRMAN

The key to Marshall & Sterling’s dramatic success, especially during the past quarter century, is our staff. Our associates’ credentials exceed industry expectations, and we encourage people to attain the industry’s respected designations of CIC, CPCU, CISR, and others. We even subsidize their course work.

We also encourage bright, competent men and women to build their careers with us by offering competitive compensation, a pleasant work environment, and an employee stock ownership plan that gives every associate a stake in the success of our company.

This pride in our work is your assurance that every proposal from Marshall & Sterling is put together by a team of creative, experienced insurance professionals whose goal is to protect your business, personal assets and well-being in the most efficient and cost-effective way possible. Now, as from our founding in 1864, we base every decision on what is best for our clients. Marshall & Sterling is just the right size to do this: big enough to carry weight with international and national insurers, yet small enough to be responsive to each and every client. Plus, our size and stability give us the security to look out for your interests at all times, because in the long run, that’s what’s best for our business too.

John P. O’Shea
